NURSING CENTER FOR BIOTERRORISM AND EMERGING INFECTIOUS DISEASES PREPAREDNESS

The following online courses are now being offered in collaboration with
Rutgers College of Nursing Center for Professional Development:

1. **Biological Weapons: Essential Information on
Category A Agents (7.1 Contact Hours/Fee \$10.00)**

General information about bioterror agents and specific information about those in CDC Category A including anthrax, botulism, plague, smallpox and the hemorrhagic fevers. Specifics include epidemiology, etiology, transmission, clinical manifestations, treatment, management and infection control, vaccination, and specific nursing information.

2. **Biological Weapons: Essential Information on
Category B Agents (5.3 Contact Hours/Fee \$10.00)**

General information about bioterror agents and specific information about those in CDC Category B including alpha viruses, Clostridium perfringens, epsilon toxin, Q fever, ricin toxin and Staphylococcus enterotoxin B. Specifics include epidemiology, etiology, transmission, clinical manifestations, treatment, management and infection control, vaccination, and specific nursing information.

3. **Biological Weapons: Essential Information on
Category C Agents (3.5 Contact Hours/Fee \$10.00)**

General information about bioterror agents and specific information about those in CDC Category C including hantaviruses, multidrug-resistant tuberculosis, Nipah virus, yellow fever, the tickborne encephalitis viruses, and tickborne hemorrhagic fever viruses. Specifics include epidemiology, etiology, transmission, clinical manifestations, treatment, management and infection control, vaccination, and specific nursing information.

4. **Infection Control and Isolation Precautions as Part of
Preparedness (2.6 Contact Hours/Fee \$10.00)**

Important information about transmission of infection, infection control, and isolation precautions as part of preparedness against the use of biological weapons.

5. **Influenza (The Flu): What Health Care Professionals
Should Know (Includes Avian Flu)
(2.1 Contact Hours/Fee \$10.00)**

Information on the etiology, epidemiology, transmission of the influenza virus, incubation period, clinical picture, complications, diagnostic procedures, treatment, and prevention. Aspects of vaccination, and management are discussed.

6. **Multidrug-Resistant Tuberculosis (MDR-TB): What
Health Care Professionals Need to Know
(1.3 Contact Hours/Fee \$5.00)**

A review of the etiology, epidemiology, transmission of TB and MDR-TB, clinical manifestations, infection control considerations, diagnosis, and treatment, as well as a discussion of latent and active TB.

7. **Preparing Your Family and Home in Case of a
Bioterrorism Attack (1.0 Contact Hours/Fee \$5.00)**

Information on how to prepare for a bioterrorist attack.

8. **Psychosocial Care After a Bioterrorist Attack
(2.9 Contact Hours/Fee \$10.00)**

Highlights how both adults and children are affected by an attack as well as how to manage stress and trauma after a bioterrorist event.

Register for the above online courses at: <http://nursing.rutgers.edu/cpd>

This program is funded in part by the USDHHS, HRSA Grant No. T01HP01407.
